

Norway Intensive Training Week 2017

Oslo Airport Gardermoen (OSL) Oslo, Norway

Arrival	Departure
August 21, 2017	August 28, 2017

Please arrive by 3 pm on Aug 21st and depart after 2 pm on Aug 28th

HC students cannot stay in Hope Corps Center before the start date nor stay longer after the departure date. If you cannot get in on time, please notify the ITW Student Director (ITW@hopecorps.net).

Airlines:

Icelandic Airlines is offering cheap fares to Iceland and then on to Oslo.

Arrivals:

We will inform you about pickup at a later date. We are unsure if we will have a bus at the airport or if we will give instructions for the train to a pickup location. We will update you on this soon.

ELECTRICAL:

In Norway the standard voltage is 230 V. The power sockets that are used are of type F. Below you find pictures of these power sockets and corresponding plugs. Type F: This socket also works with plug C and E
